6. Mr. Aschenbrenner received a B.S. degree in mathematics in 2002 and then obtained a B.S. degree in engineering in 2004. The law states that experience must be gained AFTER graduation. Would engineering related work experience count that was obtained between 2002 and 2004?

Moved by Mr. Milligan, seconded by Mr. Young to send a letter from the Chair to Mr. Aschenbrenner suggesting that he send in his application and the Board will review it on its merits. 9. The application packets were updated to reflect revised wording relating to the question on disciplinary action. The Engineer-in-Training and Certificate of Authorization application do not include this question. Should it be added to these applications? Should the renewals include a question about disciplinary action?

Moved by Mr. Young, seconded by Mr. Ancell to add a question about disciplinary action to the Certificate of Authorization applications but not to the Engineer-in-Training applications. In addition, update the renewal forms to include a question regarding disciplinary action in other jurisdictions. Motion passed unanimously.

- Signing with a "digital signature" as defined in 54-1202.

Scanning a "wet signature" and applying that over an electronic seal in an unsecured manner is not acceptable. In order to be acceptable, any process must make the signature unique to the document being signed, and insure that any alteration of the document results in invalidation of the signature. Motion passed unanimously.

19. Mike Phillips, City of Rathdrum public works inspector, requested the Board's input on responsibility for replacement of monuments disturbed by construction.

Moved by Mr. Milligan, seconded by Mr. Howe to authorize the Chair to send a letter to Mr. Phillips stating that Idaho Code 55-1613 states that the owner of a project (such as a subdivision) or an agency sponsoring a project (such as a sewer extension) is responsible for preserving or replacing monuments. IV. NEW BUSINESS

15. The Board reviewed the strategic plan and the progress that has been made towards accomplishing the set goals. In an effort to meet Strategic Plan Goals the Board will do the following:
    - Schedule the April Board meeting in Idaho Falls.
    - Begin preparation of a survey to gain our registrants opinions on our disciplinary procedures. Mr. Ancell will work with the staff on the development of the survey and contracting a company to complete the survey. Mr. Young will provide copies of a Twin Falls survey to Mr. Ancell as background information.
    - Staff is directed to develop desk manuals as required by the Strategic Plan. A basic outline will be expected at the April Board meeting.

- Mr. Milligan will work on guidelines for experience portfolios. These guidelines will be provided to individuals as soon as they pass the FE so that they will know what is expected in their experience journal.
- Mr. Curtis will prepare an outline of expectations for preliminary investigation reports to include in contracts with outside investigators.
- Staff to include Strategic Plan review on Board agenda for every meeting so that we can continue to monitor progress more efficiently.

17. The Rhode Island Board nominated L. "Larry" Robert Smith for NCEES Treasurer. The Board noted the information.
